

Soren Rose

Upholstered Irving Bed

A classic piece. A bed's sheer volume usually translates to its weight, but the Upholstered Irving Bed's structure is light. It is simple yet sturdy, despite its size. Designed by Søren Rose Studio and manufactured by De La Espada for the Søren Rose Studio brand.

Model Specs

Available in American white oak finished with a Danish oil, American black walnut finished with a Danish oil or black stained European chestnut and a range of fabrics.
