

# Slim

Jordi Vilardell

Design by Jordi Vilardell. Made in Spain by Vibia. High drama and innovative materials comprise this Slim chandelier. Each of the pendants is a soaring length at nearly four feet with an opening of just 1 inch. The ends are tipped with a frosted diffuser allowing energy efficient LED light to pool below. Every svelte pendant is constructed of a light weight black carbon fiber or lacquered fiberglass. Details continue up to the chrome canopy it hangs upon. The pendants cord is adjustable on site.
