

Alpha
Vibia

Design by David Ramos Tarrés and Jordi Bassols Borrell for Ramos & Bassols. Made in Spain by Vibia. This low-profile surface mounted fixture is ideal for accent or step lighting. They are energy efficient LEDs that require minimal maintenance. Alpha is constructed of high-grade metal alloy, with a white or black soft rubber coating on front finished in black or white lacquer and accented with chrome-plated trim. ADA compliant. Showroom Model Specs Lacquered in white and black.
